

My MOJA Tree

Ashoka/ *Polyalthia longifolia*

Coordinates:

2°47'30.7"N 32°21'51.4"E

Planted in June 2025

Gulu, Uganda

The Ashoka tree is a sacred symbol of love, resilience, and renewal. Native to the Indian subcontinent and now flourishing in East Africa, it provides shade, serenity, and shelter for local biodiversity.

By planting this tree, you're helping to restore depleted soil, improve air quality, and capture carbon, one root at a time.

Thank you for growing something that lasts for the planet, and for generations to come.

About MOJA

MOJA is a pioneering non-profit organisation dedicated to empowering women and children through innovative social design solutions in Education, Entrepreneurship, and Well-being. In collaboration with local partners, our transformative programmes and initiatives nurture self-reliance, resilience, and leadership, enabling individuals and communities to shape their futures.

MOJA is a registered tax exempt
association in Zurich, Switzerland
